Admitted To Practice, Joins Dad's Law Firm

Albert H. Krusemark Jr., 24, of Frankfort, was admitted to the practice of law in ceremonies at Springfield, before the Illinois supreme court.

The new Will county lawyer was one of 509 admitted officially to the Bar at the solemn program held Nov. 18.

His wife, the former Tammy Ottinger, was in attendance along with his father and mother, Albert H. and Bernice Krusemark.

\$200,000 Addition To St. Peter's Wins O.K.

A new addition, costing an estimated \$200,000, has been approved by the congregation of St. Peter's United Church of Christ at Frankfort.

The proposed addition will double the size of the church plant designed for the Sunday school, giving it a capacity of approximately 500. The Sunday school addition, soon to be enlarged, was built about 12 years ago.

The decision to proceed with plans for the new addition was approved at a congregational meeting at the

church last Sunday night. By a vote of 53 to 13 the motion was carried to go ahead with the building.

Details, including the selection of a chairman for the fund drive and the organization of the members into teams to raise the money, will be worked out and announced later, it was announced by a spokesman for the publicity group.

Dr. Lavern Smith is pastor of the church which has members in much of the surrounding area.

Joliet, under the firm name of Krusemark and Bertani in 1955. Associated with the senior partners are Scherrill W. Weichbrodt of Frankfort, Perry Rudman of 1714 Taylor st., Joliet, Illinois and Albert H. Krusemark Jr.

Mr. Krusemark Jr. resides at 9 LaPorte Road, Frankfort, with his wife, Tamara, and their two children.

Chorus, Band To Give Yule Vespers Dec. 19

The Lincoln - Way mixed chorus and band will present a combined Christmas Vespers on Sunday, Dec. 19. The program will begin at 3 o'clock and include two selections by the combined chorus and band. There will also be several performances by each group. The admission is free and the public is welcome.

Under the direction of Tom Olson and Robert Taylor and accompaniment of June Swanberg and Harry Smith, this concert should be inspiring and enjoyable, according to school officials.

SANTA'S MUNSTERS--That's what members of Girl Scout Troop 97, Mokena, have dubbed themselves in announcing "Slave Week," to be observed Dec. 15--Dec. 22. To show their appreciation for support given all their money-making projects in Mokena, the girls are prepared to make some return thru their proffer of free service. Persons who need help on odd-jobs, from mailing Christmas cards, wrapping packages and putting up decorations are invited to call 479-5095; 479-9322; 479-9475 and 479-9255. Await Village Decision On Marcoux Zoning Case

What could be final action on the Marcoux zoning case is scheduled for the meeting of the Mokena village board next Wednesday night (Dec. 15).

Leo Marcoux, Mokena realty dealer, and his wife, appeared before Mokena zoning board of appeals several weeks ago to ask reclassification of approximately 50 acres from R-1 to R-2. The land is south of 195th st. and west of 115th ave.

R-1 calls for single family residences with a lot frontage of at least 75 feet; R-2 is also for single family dwellings but the lot frontage could be 50 feet.

Marcoux and the developer, National Development Co., of Joliet, told the zoning board that the minimum lot frontage they intended to employ was 65 feet. They planned 150 to 175 homes.

The zoning board denied the petition and a recommendation to that effect was forwarded to the village board.

Under the zoning ordinance the village board has the decision but a two-thirds vote of that body is required if the zoning board's recommendation is overthrown.

At the village board meeting Dec. 1 a motion was made to allow reclassification of the property from R-1 to R-2 if the owners agreed to certain stipulations. The motion carried by a vote of six to two, with Trustees George H. Bills, Gary Chase, Hans Mueller and Marvin Weitendorf voting aye, and Roy Richardson and Clar-

ence Zugenbuehler voting against it.

It was thus indicated that if Marcoux agrees, in writing, that the lots will have a frontage of not less than 65 feet each, containing at least 7,800 square feet, that at least 1,100 square feet be devoted to living area; that the homes have basements and no prefabricated dwellings be erected on the tract; that the terms of the subdivision ordinance will be complied with, the board would sanction the reclassification.

Postmaster At Mokena Gives Yule Schedule

The Mokena post office will increase hours on Saturday, Dec. 11 and 18 during the Christmas season. Regular window service will be from 7 a.m. to 5:30 p.m.

There will be no window service on Sundays, however, the box lobby will be open on Dec. 12 and 19 from 8 a.m. to 4 p.m.

Postmaster Margaret O'Brien is asking that all outgoing mail include the local zip code in the return address.

"Last year zip codes were a great help in speeding mail delivery," she said. "At this time of the year we especially need your help by mailing early and to avoid unworkable peak in mail volume, mail often."

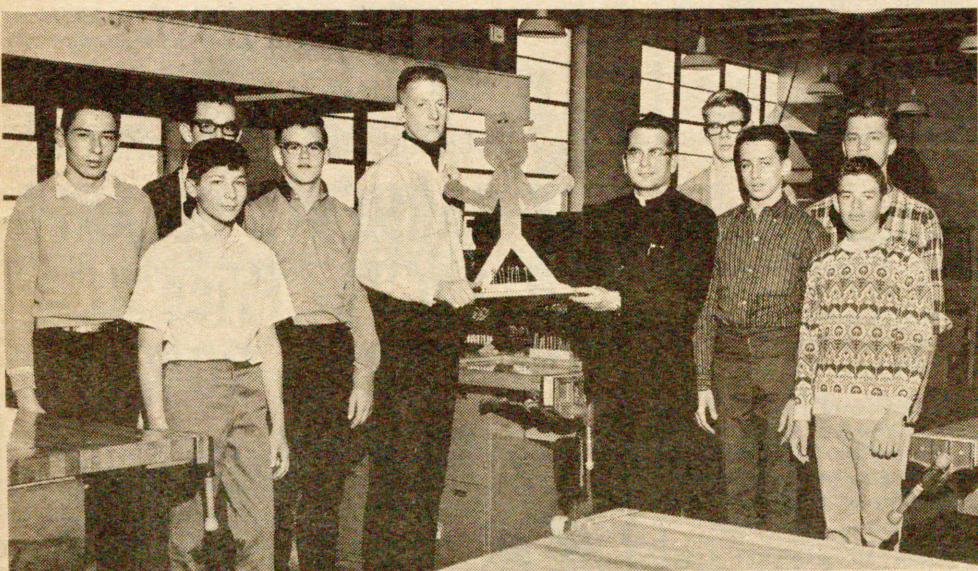

Anyone requesting advice on preparation of Christmas mail should call the local post office.

sification.

The subdivision ordinance requires that the builder install sanitary and storm sewers, city water, paved streets, curb and gutters.

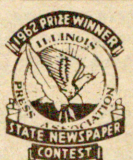

The point was raised as to whether the mayor must vote in such a situation. If he does it would require five votes to override the zoning board. Village Attorney Ronald Galowich was to have the answer by next week's meeting.

The board has indicated its intention to enforce all the provisions of the subdivision ordinance in any housing developments with a mile and a half radius of the municipal limits.

THE INDUSTRIAL ARTS club of Lincoln-Way high school has completed its service project for the community. These mathematics teaching aids known as "Mr. Numbers" will be used by the primary students of St. Mary grade school, Mokena. In the past, the club has donated its free school time and extra evening time toward building two bus shelters in Frankfort, picnic tables for the Mokena Park, and Mr. Numbers for the Willowcrest grade school in Mokena. The projects are selected on the basis of new learning experiences provided for the club members. Here, Art Hostert (Mokena) presents one of the forms to Father Cecil Koop, pastor of St. Mary. Other club members who worked on the project are (l. to r.) Ken Benson, Mokena, Rich Erickson, New Lenox, Don Carroll, Mokena, Phil Thomas, Mokena, Hostert, Father Koop, Douglas Moses, Mokena, Dale Koditak, New Lenox, Pat McHugh, New Lenox and Dave Horwath, Mokena. Local Art Work Display At Woman's Club

Telephone: 479-3521

A display of art work by local artists will be on display and introduced by Mrs. Berle Needham, art department chairman, at the December meeting of the

Mokena Woman's Club.

The meeting will be held in the home of Mrs. Robert Best, Arby Hills, Monday, December 13 at 8 p.m. Co-hostesses will be Mrs. Paul Smith, Mrs. William Sluts

and Mrs. Louise McGann.

Miss Donna Bruce, daughter of Mrs. Groden Bruce, of 10814 Front st., was recently initiated into Alpha Gamma Delta, international fraternity for college and university women, at Eastern Illinois university. Miss Bruce, a sophomore, is majoring in art and was social chairman of her pledge class.

Marine Private Andrew Wyzevich, brother of Mr. Nich Wyzerich of 9519 W. Elm, Mokena, was graduated, Nov. 30 from Marine recruit training at the Marine Corps Recruit Depot at San Diego, Calif.

During his eight weeks of intensified recruit training under veteran noncommissioned officer Drill Instructors, he learned small arms marksmanship, bay-

onet fighting, and methods of self-protection, as well as receiving instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

He has been assigned to Camp Pendleton, Calif., for four weeks of individual combat training and four weeks of basic specialist training in his military occupational field.

A meeting of the Mokena Keenettes took place at the home of Susan Dixon on Dec. 2.

At the meeting the club had a gift exchange for Christmas. Susan Dixon demonstrated how to make a salad.

The next meeting will be a cooking meeting on Dec. 16. Janet Renken will demonstrate how to measure flour.

The Goodwill Industries truck will be in Mokena today and Dec. 23 picking up repairable items of clothing, appliances, small furnishings and toys. For pick up call 815-722-5189.

Chairman of the United Crusade Fund drive was Mrs. Margaret Semmler. Solicitators for business firms and men were Walter Welsch and Charles Swanberg.

House to house solicitors were; Mrs. Robert Best, Mrs. Kenneth Bochman, Mrs. Roy Carlson, Mrs. Durward Fant, Mrs. Donald Nieman, Miss Susan Hall, Mrs. Roy Koerner, Mrs. Ralph Snow and Mr's. Olive Williams.

The total amount collected was \$231.25 and of this amount the business men contributed \$136.00.

The United Crusade fund contributes to 23 worthy groups of Will county, such as Boy and Girl Scouts, Orphan's home, YWCA and YMCA, youth commission, hospitals for indigent patients.

Mrs. Semmler is grateful to all who assisted her in this fund drive and the solicitors who also appreciate all contributions given to this cause when they called at the homes and business places of Mokena.

Any other? **Yes!**

There must be reasons. **Sure!**

Name ten. **OK:**

1. All these comforts are available: steering wheels that tilt or tilt and telescope; AM/FM Multiplex Stereo radio, first ever offered in cars; and Strato-bucket seats (to give you just a sampling).

2. Comfortron automatic heating and cooling you can order—Just dial the temperature and turn it on; Comfortron automatically keeps you comfortable no matter what the weather outside.

3. More engine choices—the widest horsepower range available: the 425-hp Turbo-Jet V8 in Chevrolet and Corvette to a 90-hp Four in Chevy II.

4. Body by Fisher—Craftsmanship by the world's best known coachmakers with everything from luxurious interiors to the long luster Magic-Mirror acrylic lacquer finish.

5. Self-cleaning rocker panels flush out salt and other corrosives with rainwater, dry themselves with outside air—another way Chevrolet takes extra care so you needn't bother.

6. A hushed and gentled ride with body mounts designed to isolate vibration better and shock absorbers matched to body style—coupe, sedan, convertible, wagon.

7. America's only rear-engined car, Corvair, with more weight over the driving wheels where you need it and less on the steering wheels where you don't.

8. America's only true sports car, Corvette, with fully independent suspension, four-wheel disc brakes and engines you can order up to 427 cubic inches.

9. Higher resale value—Chevrolets traditionally are worth more at trade-in time because more people want Chevrolets . . . new or used.

10. All these safety features standard now: seat belts, front and rear; padded dash and sun visors; outside mirror (use it always before passing); shatter-resistant inside mirror; 2-speed electric windshield wipers for better visibility in a downpour; windshield washers; back-up lights.

For Safer DRIVING

BY RONALD STOPKA
(Director of Driver Education Lincoln-Way High School)

You can't stop on an icy dime, but you will have much better control if your tires have good treads. In summer you might get away with a weak battery, smooth tires, worn windshield wipers and other faulty equipment, but for winter driving you need all of your safety equipment in good condition.

In winter driving you need good wiper arm tension and live wiper blades to keep the windshield clear. Plenty of windshield solvent containing an anti-freeze liquid and a defroster system in good working condition will make winter driving safer.

To avoid that icy skid, keep your tires inflated at recommended pressure.

Better yet, when the snow is deep and the roads are covered with ice, there is nothing better than tire chains for traction and skid control.

During winter driving, the condition of your car can make the difference between accident-free driving and a smash-up. Well adjusted brakes with good linings, bright headlights and taillights are important at all times, but vital in winter.

Exhaust leaks can be deadly when car windows are rolled up in the winter. Make sure your muffler and tail pipe are in good condition before winter weather begins.

The most important item of safety equipment is seat belts. They are never out of season. Should an accident occur in any weather, seat belts will help prevent injury and death.

Questions And Answers On Lincoln-Way Bond Election

With the proposed Lincoln-Way high school bond referendum 10 days away the board of education has prepared 15 questions it believes most of the voters are interested in and submitted answers with them.

These questions and answers follow:

"1. What is the history of the present outstanding Lincoln-Way bonds?

The first issue of 1952 for \$1,200,000 is now over one-half retired. The total outstanding bonded indebtedness at the present time amounts to \$2,054,000. The legal limitation on bonded indebtedness is 5% of the assessed valuation. The present assessed valuation is \$57,556,094 which will insure an adequate margin.

"2. What if the \$485,000 will not cover the lowest bids?

It is not expected to occur but if it should, some of the equipment would have to be eliminated.

"3. Does the proposed bond issue cover more than the proposed addition?

The \$485,000 should take care of the actual building, all necessary equipment and architectural fees, also the sewerage and water systems. Only the absolute essentials are included. No so-called "frills".

"4. How long before another addition is required?

Probably no longer than three years. Planning, elections, and construction always fail to keep up with the actual requirements. Usually about two years are required to complete these building stages. This proposed addition will not entirely be completed until February, 1967. This proposed addition will complete plans for the present building.

"5. What will it cost the average taxpayer?

A five cent addition to your total tax rate. If your assessed valuation is \$5,000 the increase would amount to \$2.50 per year. (Less than only one daily cigaret.)

"6. How will the bonds be sold?

The sale will be advertised in the Bond Buyer and all major investment firms will be invited to bid. The sale will be by auction and open to the public with the low bidder securing the contract.

"7. How are the building contracts awarded?

Any contractor will be able to submit a bid according to the specifications as submitted by the architects.

"8. Who is a qualified voter for this election?

Anyone who is qualified to vote in any general election is qualified to vote in this school election. He needs to be a registered voter in order to qualify. He should have lived in the state one year, in the county 90 days and in the school district 30 days.

"9. Will absentee ballots be available?

Yes. Applications by mail will be received five days before the election and personal applications for ballots must be made three days in advance. They can be secured by calling the high school office by phone or in person. Persons can also vote Friday or Saturday nights December 10 and December 11 during the home basketball games.

"10. Was there a master building plan designed originally by the architects?

The initial plan did not extend beyond the first two additions due to the fact that the initial enrollment projections did not predict a student body larger than 600. A new plan was then developed with the last addition to provide for the completion of the existing building facilities.

"11. How much of the Educational tax rate is being used at the present time?

The maximum Educational tax rate as established by referendum is \$1.07. The Board of Education would like for the present rate to remain for the next two years.

"12. Why are these classrooms and shops necessary?

The present building is being used up to 97% capacity, and the school day is extended to the maximum.

At the present time 26 classes are filled to capacity, and no more students can be registered in these rooms. Actual elementary enrollment figures show that an additional 102 students will be enrolled next year. High school graduating class enrollment is 226. Elementary graduation class is 328.

"13. Why more space for vocational agriculture?

This department has doubled in enrollment within the past two years, with two full time teachers. The present emphasis now trains students for all related agricultural positions, not just farming the land. Lincoln-Way has always been fortunate in providing one of the best vocational agriculture programs in the state.

"14. What about reading and special education facilities?

Every outstanding school makes a sincere effort to provide a quality program for all students. The state legislature by legislation, requires programs for the handicapped. Federal funds are now available for providing additional programs and services for the potential dropout, but not for buildings.

"15. What if we wait until later?

Building costs will be higher. Bids usually are better in the early part of the year. Sub-standard areas will be used for classrooms. Many students will be denied certain courses, especially vocational and shop. Our present program permitting students to take five academi-

city, and the school day is extended to the maximum. At the present time 26 classes are filled to capacity, and no more students can be registered in these rooms. Actual elementary enrollment figures show that an additional 102 students will be enrolled next year. High school graduating class enrollment is 226. Elementary graduation class is 328.

Village Board Urges Cedar Rd. Interchange

A resolution addressed to the Urban Transportation Council urging its support for the location of an interchange with FAI - 80 on N. Cedar rd., was adopted by the New Lenox village board at its regular meeting last week.

The same resolution was adopted previously by the New Lenox Association of Commerce.

Mokena Pupils To Compete In D.A.R. Contest

Mrs. Leo J. Marcoux, historian and librarian of the Des Plaines Valley chapter of the National Society of the Daughters of the American Revolution, has again this year selected the Mokena public and parochial schools to participate in the national historical essay contest sponsored by the society.

The subject of the essay is "George Washington's Advice". Seventh and eighth graders will participate. Essays will be between 600 and 1000 words.

The Mokena schools have done very well in the past. Roberts Peters won the state and regional honors in 1962 and Roseann Kruzich won state honors in 1963. Mrs. Marcoux is hopeful that the Mokena schools will again produce a winner and that all the essays will be on the high level of excellence regarding interest, accuracy, originality, composition and neatness of those produced in the past.

Village, Town Join In Census Project

The village board of New Lenox will join the town board in underwriting the cost of a special census.

The decision was made at the regular meeting of the village board last week after the proposal had been submitted by Supervisor John E. Francis.

At the regular town meeting last spring \$1,800 was appropriated to defray the cost of a census made under the direction of the U. S. Census Bureau.

Supervisor Francis told the village board that the estimate of the cost, as made by the census bureau would be a little over \$2,000, based on a population of 8,000 at 25 cents (and a fraction per head).

The cost to the village will be the difference between the \$1,800 appropriated by the town board and the final figure, but not to exceed a per capita cost of 25 cents a head on those residing within the corporate limit.

If the village did not join in the project then the census would have been made on a township level with no figures available for the village.

The village board believes it is to the advantage of the

actually, the North Central Association would warn the school and community to adequately support their school. If there is delay at this time, the next two building projects would develop

of the present U. S. 6 and east of Gougar rd.

The Joliet Area Transportation Study map pertaining to the New Lenox area carries the proposed Cedar rd. interchange with FAI-80.

Ronald E. Havel, resident engineer of H. W. Lochner & Co. and Maury Andaya, also an engineer with the firm, displayed the maps affecting New Lenox and stated that the projected population for the township was expected to reach 27,000 by 1985.

The study was started last March. The maps shown the village board last week deal mostly with probable land use. Havel said that indications are that the New Lenox area would be devoted mostly to residential use but with some industry.

Supervisor John E. Francis commended the village board for passage of the resolution for an interchange with I-80 on Cedar road. He has been working for months endeavoring to get state highway officials to see the necessity of such a step.

Death Takes A.M. Wiese, Tinley Park

Albert M. Wiese, 54, a World War II veteran who was a member of William E. Martin post No 725, VFW, Mokena, died Saturday, Dec. 4, at Hines hospital following a long illness.

A route salesman for the Worth dairy, he had resided at 6638 W 175th st., Tinley Park, for the past three years. For the 12 preceding years he had lived in the Marley area.

He was born at Chicago, April 7, 1907 and saw service overseas with the U. S. army in the second World War.

Besides his wife, Estelle, Mr. Wiese is survived by two daughters, Mrs. Mary Ann Richardson, Tinley Park, and Mrs. Christina Verba, Chicago; three sisters, Mrs. Sophie Marsin, Mrs. Ellen Hinken and Miss Mary Wiese, and a brother, Max, all of Chicago, and one grandchild.

Removal was to Hirsch Memorial chapel, Tinley Park from where services were held yesterday (Dec. 8) morning at 9:30 to St. George church, Tinley, at 10 o'clock, with interment in St. Casimir cemetery, Chicago.

Zone Corner at 183rd And U.S. 45 As Site For Service Station

A request for a zoning re-classification in Orland township has been granted by the Cook county board of commissioners.

Re-classified by the commission were 10 acres at the northeast corner of U. S. 45 and 183rd st. The zoning was changed from R-2 (single family residences) to B-4 (general services).

The request for the change was made by the American Oil Co., thru S. J. Antonik, a real estate representative for the oil firm.

It is in this vicinity that U. S. 45 is scheduled to be elevated and carried over proposed FAI-80. It is reported that U. S. 45, which

now dips under the Rock Island tracks about a block north of 191st street, will be carried over the railroad. U. S. 45 is also supposed to be shifted to the west about 300 feet because of the mass of underground wiring that serves the WL transmitting station at the southeast corner of 183rd, and U. S. 45. There is to be an interchange at this junction, according to the maps.

The announcement that a Standard station is apparently to be located on the northeast corner probably explains the two driveways branching off the east side of Route 45, north of 183rd st. onto a vacant tract.

venues do for current needs. At its meeting Monday night on the recommendation of Trustee Robert Dean, head of the finance committee, the board voted to transfer funds from one account to another in order to meet certain bills, including some \$7,300 to complete purchase of a tract in the vicinity of the sewage treatment plant for an oxidation pond site.

The village doesn't have the cash available that could be used for the purchase of a truck and equipment for winter maintenance of streets, it was pointed out, and so has about decided to "buy on time."

Kohlhagen told the board members Monday that a cinder spreader would cost approximately \$1,300 as would a snowplow. A body for a 2-ton dump truck would run about \$1,000, he said, and the truck itself around \$4,000 so the bill would come to approximately \$8,100.

He added that figured over an eight year period just for snow removal and cinder streets it would cost the village \$8.50 an hour if it used this equipment. It would cost \$10 to \$12 an hour to hire it done, he said.

The village is looking for new sources of revenue. One possibility of getting in more money, members agreed, was to impose a vehicle tax. Mayor Glenn Warning said he believed Frankfort was one of the few municipalities in this section of the state that did not have a vehicle tax. Trustee Dean was for enactment of an ordinance to collect such a tax next year.

Would Do Away With Large County Boards

(EDITOR'S NOTE: The following article by the executive secretary of the Taxpayers' Federation of Illinois apparently reflects his opinion and that of his directors. It is presented here as a point of view with which, no doubt, some will agree while others will disagree. Whether the suggestions have any real practical purpose is something that will require further study.)

BY MAURICE W. SCOTT
(Exec. Secy. Taxpayers' Federation of Illinois)

Legislation allowing downstate counties to appoint a chief administrative officer and to reduce the number on the county board in the populous township organization counties could make for more efficiency.

By statute county boards in township counties need only have two meetings a

year, the annual meeting on the second Tuesday of September and the regular meeting on the second Tuesday of June. Of course, more necessary meetings are held, because provision is contained in the statutes for called special meetings, and often adjourned meetings of the annual and regular meetings carry over into later months.

But the fact is that mem-

bers of the county board have to devote the majority of their time to their occupations to earn a livelihood and do not have the time to adequately administer the affairs of a county. The appointment of a chief administrative officer by the board seems to be a likely solution. The governing body, the county board, would retain responsibility for policy, while the administrator would be responsible for administration. The position of the chief administrative officer, authorized by a new statute, could be created in a county by an ordinance or resolution of the county board. The administrative

officer would exercise budget supervision, including control of purchases, and some control over personnel. In budget-making he should have the authority to assemble departmental estimates and forward them to the county board with his recommendations.

The advantages of the plan seem to be three: first, an effective system of budgetary control could be established. Activities of the various officers and departments would be controlled so as to stay within the budget. The budget would be prepared with over-all county purposes in view and would be an integrated document. The board would have the advice of one who is working more than occasionally upon county finances. Second, the county could set up a centralized purchasing and accounting system as one of the duties of the administrator, and the savings could be substantial for the taxpayer. Third, the hiring and firing of personnel could be done on a merit basis, and this would improve personnel practices by attracting highly qualified persons for county positions.

It also appears that county boards in the populous township counties are too large for efficiency and good administration. Thirty-five, forty and fifty members on a county board are too many. Consideration should be given at future legislative sessions to making such boards smaller; too many on any corporate body, governmental or private, makes it unwieldy.

"The Federation favors local government, but all responsible citizens should work to make it stronger and more responsive to the people."

"If you don't believe a ten-year-old boy can keep a secret, ask him where he left the family hammer."

Sandburg Five Bows To Rich East And Hinsdale

BY DREW CORLEY
Last Friday and Saturday night, the Sandburg Eagles lost two more games, losing to Rich East and Hinsdale.

The first defeat of the week-end came at the hands of the Rich Rockets. The Eagles had a fast start in the first quarter, but as the

game progressed they began to run out of gas and the Rockets took advantage of this.

RETURNING LETTERMEN for the Lincoln-Way gymnastics team are (l. to r.) Russ Davis, Dick Lehmann, Dan Torrence, and Dave Stellwagen. The team will travel to Crown Point, Indiana tomorrow for their first meet of the year. The gymnasts are coached by Jerry Wiedman.

Lincoln-Way Quintet Loses Conference Tilt

BY TOM SCARTH
The Knights Of Lincoln-way dropped their first conference basketball game last Friday night to Oak Lawn 59 to 49.
The first period was kept at an even pace ending with the Knights on top 14 to 13. In the second period the Spartans retaliated with a 13 to 9 scoring margin and led at the half 26 to 23.
In the early minutes of the third period the Knights tied the score at 29 all. Also in the early minutes of play the Knights' Mike Seitzinger, 6-4 forward, exited the game by way of personal fouls. The Oak Lawn quintet

put on a drive that ended the third period scoring 45 to 37.
With the third gone and the Spartans out front by eight points the situation was nothing but bad for the Knights. The Spartans continued their steady bombardment and at the final buzzer the score was 59 to 49.
Karl Warning was leading scorer for the Knights with 18 points. Oak Lawn's John Sarpallius lead the way for the Spartans with 16 points.
The Knights were 47 to 21 on field goals and 21-7 on free throws. Compared to the Spartans 39-23 field goals and 26-13 free throws.
The Knights were again

without the services of All-Conference guard, Bill Stanfill. It is unknown at this time whether or not he will start against arch-rival Carl Sandburg tomorrow night at Lincoln-Way. Both teams are looking for their first conference win.

The Eagles led at the end of the first quarter 21-18, but in the second quarter the Rockets outscored the Eagles 40-31. In the third quarter the Eagles held their own, but could not gain on the Rockets, and then in the final quarter of play it was Rich East all the way with the Eagles quickly falling behind 22 points at the final buzzer. The Eagles who were outplayed, could not keep up with the Rockets and the game ended 86-64.

High point man for the Eagles was guard, Rich Adees with 16 points. Drew Corley netted 13 and Marvin Blummer had 10. Bob Defoe was high man for Rich with 24.

Saturday night the Eagles faced Hinsdale, which was almost a repetition of Friday night's game except the game was closer and a little more exciting. The Eagles again started the game by jumping into a quick 18-2 lead in the first quarter. But the Eagles could not hold off Hinsdale who caught up to 18-11 at the end of the first quarter. It was a game of quick scoring by both teams but Hinsdale caught fire and the Eagles led by only two points at halftime.

In the third quarter a fired up Hinsdale team gave the Eagles more problems than

they could handle, and Hinsdale slowly got the lead and held it. At the end of the third quarter Hinsdale led 48-43 and the sinking Eagles could not overcome the lead. Hinsdale won 61-54.
Forward, Drew Corley was high scorer with 22. Van Broman was next with 11 followed closely by Marvin Blummer with 10. High point man for Hinsdale was Hughes with 20.

Christmas Baskets For Local Needy Families

MRS. DELORES ANDERSON
Telephone: 485-3651

On Dec. 16, 17 and 18, school children of the New Lenox schools will bring Christmas gifts to school for the needy families in the community. Containers supplied by the Lions club will be in each school lobby. For a more favorable variety of these foods baskets, items have been designated for each grade to bring. Kindergarten children are asked to bring jello or pudding mix; 1st grade, macaroni, spaghetti or noodles; 2nd grade, canned or dried beans; 3rd grade, raisins, salt or cocoa; 4th grade, dry (cooking) cereal; 5th grade, canned fruit or vegetables; 6th grade, flour or sugar; 7th grade, rice, toilet soap or detergent; and 8th grade, powdered milk or soup.

The New Lenox Lions Club will supplement this with turkey, potatoes, bread, milk and miscellaneous items. These baskets will be distributed by the Lions Club shortly before Christmas.

"The Perfect Gift" presented by the seventh grade students and "Christmas in Heaven" given by the third grade students will provide the entertainment at the Dec. 9 meeting of the St. Jude's Parents club. The sixth grade mothers will be in charge of the refreshments. Mrs. John O'Neill will have an ample supply of various candles for sale at the meeting. These candles are especially suitable for small Christmas gifts and are reasonably priced. All parents are urged to attend this Christmas meeting.

The Goodwill Industries truck will be in New Lenox on Thursday, Dec. 9 and 23 picking up repairable ar-

ticles of clothing, household furnishings and toys. For pick up service call Joliet 722-5189.

Arbury Hills

Boy Scouts Donate Toys To Orphanage

MRS. EDWARD HOVI
Telephone: 479-5740
The Boy Scouts of Troop 10 will make a canvass of Arbury Hills to collect used, repairable toys from the residents. They will make the necessary repairs on them, and then donate these toys to Guardian Angel Or-

phanage in Joliet. Both repairable toys and incomplete games will be gratefully accepted.
It is a pleasure to see these youngsters think of those children who do not have a home and family at this most family of holidays. Maybe THAT is what this

younger generation is coming to -- consideration for others.

If weather conditions permit, Santa Claus is planning to visit the Cub Scouts of Pack 10 at their monthly pack meeting to be held at the Arbury Hills School on Friday, Dec. 17 at 8 p.m. The pack meetings are normally a family affair, and, because of Santa's anticipated visit, the Cub Scouts expect a really large turnout including brothers and sisters and, of course, parents. Because of the very large

number of very good children this year, Santa is sure that he will need his entire stockpile of toys that he is keeping at the North Pole for Christmas day. He is asking the parents to help out by bringing a one dollar gift addressed for each of their children attending the meeting.

Even if Santa can't make it, because of the weather, the meeting promises to be quite enjoyable with the theme of the meeting being "Christmas in Other Lands". The cubs plan to have beautiful candles and wreaths for sale at the meeting, that would not only make excellent decorations around your own home during the holiday season, but would also make wonderful gifts for those hard-to-buy-for relatives.

The excellence of their singing performance that rang through Arbury Hills during the father-son weiner roast held at sundown of November 20, the Cub Scouts are planning to spread the Christmas spirit throughout the streets of Arbury Hills by singing Christmas Carols from a horse-drawn hayrack on the evening of Thursday, December 23. As in all Cub Scout activity any and all parents are invited to ride along and sing too.

The First Nighters held their December get-together at the home of Mrs. Harold Maschmeyer of Rosewood lane. The hostesses prize was won for the second month in succession by Mrs. Rose Menzer.

The next meeting of the group will be held at the home of Mrs. Roy Sipin on Birch ave. on January 6, at 8 p.m.

SECTION 1

AMENDMENT. That Sections 3 and 4 of that certain ordinance entitled "An Ordinance Establishing Charges and Rates for the Use and Service of the Combined Waterworks and Sewerage System of the Village of Orland Park, Cook County, Illinois, and Providing for the Regulation and Operation of said Combined Waterworks and Sewerage System", being Ordinance No. 233, adopted March 23, 1961, and approved March 23, 1961, be amended to read as follows:

SECTION 3

In the event the charges for service are not paid within fifteen (15) days after rendition of the bill for such service, such charges shall be deemed and are hereby declared to be delinquent, and thereafter such delinquencies shall constitute liens upon the real estate for which such service is supplied and the Village Clerk is hereby authorized and directed to file sworn detailed statements showing such delinquencies in the office of the Recorder of Deeds of Cook County, Illinois, and the filing of such statements shall be deemed notice of the lien for payment of the service rendered; provided, however, the Village of Orland Park may refrain from filing such a statement of delinquencies if the Village proposes to sue or shall have sued the owner, occupant or user of the real estate in a civil action to recover such delinquent charges.

SECTION 4

In the event the charges for such service become delinquent as defined in Section 3 of this ordinance, the Village Clerk is hereby authorized and directed to cause notification to be given in writing to the owner of the premises, the occupant thereof, and the user of the service that such delinquency exists and that service shall be discontinued at any time after ten (10) days shall elapse from the date of said notice, without further notice, and such services shall then be forthwith discontinued. Such notice may be given by posting same in the United States Mail. Such service shall not be resumed or reconnected until all delinquent charges for service together with the charges for current service are paid in full and until a fee of \$5.00 shall be paid for the reconnecting service and until a deposit of \$25.00 shall be made with the Village Clerk as a security deposit to be forfeited in the event of a further delinquency.

SECTION 2

REPEAL. That all ordinances or parts of ordinances in conflict with the provisions are hereby repealed in so far as they conflict herewith.

SECTION 3

EFFECTIVE DATE. That this ordinance shall take effect and be in full force from and after its passage, approval and publication in the manner prescribed by law.

PASSED this 22nd day of November, 1965.

the Christmas gift a woman never forgets, a wonderful electric dishwasher

A wife likes pretty, personal gifts at Christmas. But she loves practical ones, too. And probably the most wanted practical gift of all is an electric dishwasher. Nothing else she can own saves her so many endless hours of drudgery. Come to think of it, how could a gift be more personal, or look prettier to her?

With just a flick of a switch a dishwasher washes, rinses, and dries... all automatically. Glasses, dishes, and flatware come out sparkling, without water spots or towel streaks. Everything is washed and rinsed in water hotter than hands... even gloved hands... can stand. Then it's dried in pure, clean, electrically heated air that's far more sanitary than any dish towel.

You can now get a portable dishwasher, if you like, that does every bit as good a job. Portables need no plumbing connections, and they can be permanently installed in a new kitchen later.

You'll be surprised how little it costs to give your wife the happiness that comes with a new electric dishwasher. See the built-in and portable models at your electric appliance dealer's now. And a Merry Christmas to you both.

Blomberg Reports On NFO Convention

Martin Blomberg, Beecher, vice president of Will County NFO has returned from the NFO National Convention held in St. Louis, which was the largest farmer convention in North America for 1965.

"Nine thousand delegates and visitors attended," said Blomberg. "Definite proof was shown that NFO members have realized \$4 per cwt. on hogs and \$2 per cwt on cattle extra because of the market price rise accounted for by NFO marketing arrangements. We predict NFO programs to yield similar results in grain and dairy. NFO is working."

NFO national president Oren Lee Staley and vice president Erhard Pfingsten were reelected. Staley told the convention that six of the nation's 15 largest processors are accepting livestock from NFO under marketing arrangements. He also read a telegram from President Johnson which, in part, said:

"The farmer is wrapping up his best year since 1952. His success represents our nation's signal progress toward the parity of income -- progress which will continue in the years ahead and on through the decade. The work of the National Farmers Organization has been instrumental in this achievement. With continued support, our productive family farm system can successfully respond to the agricultural challenges of our times."

Highlighting the speaking program was Illinois Con-

gressman Paul Findley (R-20th) who said that NFO was the only farm organization that could solve the farm problem without government aid. U.S. Senators Birch Bayh, Indiana and Ralph Yarborough, (Democrats), Texas also spoke.

Joe Bernhard, grain chairman of Zone 2, Chicago area was on the arrangements committee and Eugene Gaskin, president, was on the by-laws committee as representatives of Dist. 14, NFO.

Carl Kristall, Green Garden, Dies At 81

Carl Kristall, 81, of Green Garden township, died Thursday, Dec. 2 in his home, following a brief illness.

Mr. Kristall, a native of Germany, had resided in the Monee area 35 years and the Tinley Park area 30 years.

He had been an employee of the Perfection Gear Co., Harvey, until his retirement in 1950.

He was preceded in death by his wife, Dora, in 1958.

Survivors include a daughter, Mrs. Lewis (Anna) Rab of Green Garden and four grandchildren.

Services were held Saturday, Dec. 4 at the Hirsch Memorial Chapel, Tinley Park. The Rev. Thomas Hardwick, pastor of the Green Garden Methodist church officiated. Burial in Zion Lutheran cemetery.

Social Sec. Office Takes Applications For Medical Ins.

The Social Security office at 225 N. Chicago St., Joliet will have evening and Saturday hours in December. The evening hours will be from 4:45 to 9:00 p.m. on Dec. 10, 15 and 22. The Saturday hours will be Dec. 11 and 18 from 9 to 12 noon.

The Social Security Administration is trying to reach all men and women who are now 65 or will be in the next few months. Nearly all people who are 65 or will be within the next few months will have hospital insurance offered by Medicare, even, if they cannot receive social security or railroad retirement benefits. But anyone who does not receive either of these benefits must apply to get

the Medicare protection.

In addition to hospital insurance, Medicare provides medical insurance which will help pay doctor's bills and certain other medical costs. Medical insurance is voluntary and a person will have this protection only if he signs up. Hospital insurance will cost a person nothing. Medicare insurance will cost the people who sign up for it \$3 a month.

Both parts go into effect July 1, 1966. Anyone who is 65 before Jan. 1, 1966 will

have medical insurance protection only if he signs up

before March 31, 1966. If you are not able to come in

during the regular office hours, you may now do so in

the evening or on Saturday. If you can, bring proof of your date of birth, and if you have a Social Security card, also, bring that.

Only Another Week To Record Voices To Send Overseas

December 17 is the final date for making Voices from Home recordings to send overseas to servicemen, Peace Corps workers, exchange students and members of the merchant marine.

Red Cross disclosed today that 28 Christmas greetings on Voices from Home records were made or scheduled in the first week after the program opened on November 29.

The December 17 deadline was set to insure that the recordings will reach overseas destinations in time for the holidays.

Friends and relatives may call Red Cross at 723-3494 and make appointments for a recording session. The Will County regional office at 222 N. Broadway, Joliet, makes the recordings available without charge.

To date, recordings have gone to Alaska, the Philippines, Germany, France, Austria, Iran, Brazil, Spain, and Bolivia in addition to destinations in the South Vietnam fighting zone.

Open Letter from the Hirschs

Dear friends,

Because death usually occurs in a family only once each dozen years, it naturally creates an emotional crisis. A funeral director must be called - one in whom you have complete confidence. Well - meaning friends, neighbors, clergymen, doctors, should not presume to call a funeral director without consulting members of the family. To the next of kin belongs the sole right of selection of the funeral director.

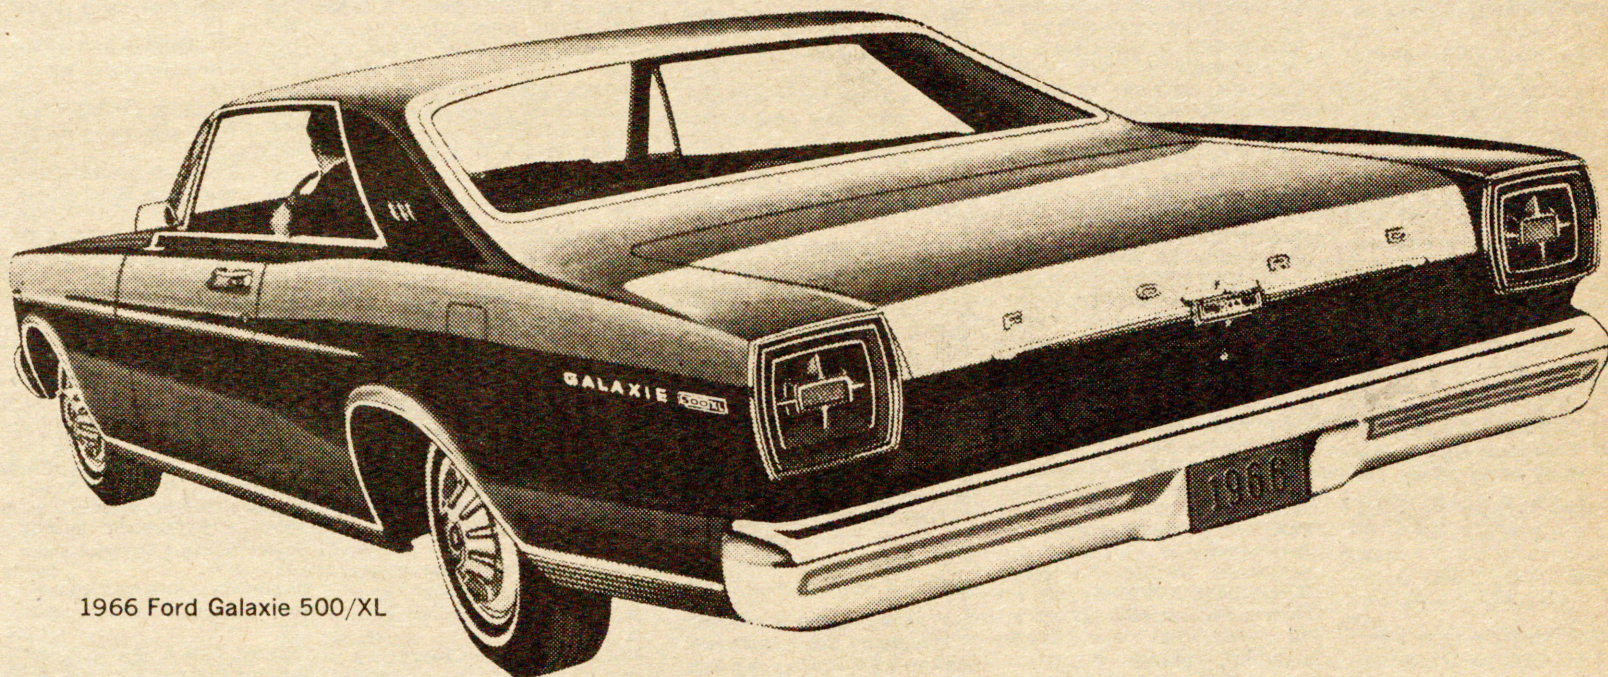

Respectfully,

Edwin J. Hirsch

HINTS FOR

HOMEOWNERS

Nearly four-fifths of families purchase Christmas trees between December 10 and 19. As most everyone suspects, cut trees account for nine-tenths of the selection. Other types of trees purchased are sprayed or painted trees, flocked trees, artificial trees, and in some areas, living trees with a ball of soil around the roots.

If you do your tree shopping this weekend, the chances are good you'll bring home a better tree than ever before. That's because nurserymen continue to produce better trees in greater abundance just for the Christmas tree market.

Here are a few tips to make your tree selection easier. First consider a "perfect" tree if it is for a picture window, or the center of the room. However, why bother looking for a "perfect" tree if one side goes against a wall or in a corner.

Next, check the bottom whorl of branches on the tree. This is usually where a "crook" may be found. Many times this whorl of branches is incomplete. However, sometimes the tree will look just as good if this bottom whorl is sawed off and the branches used for greenery. This little trick may enable you to obtain a more inexpensive tree... provide greenery for decorations and if the "crook" is removed, eliminate a problem in setting up your tree.

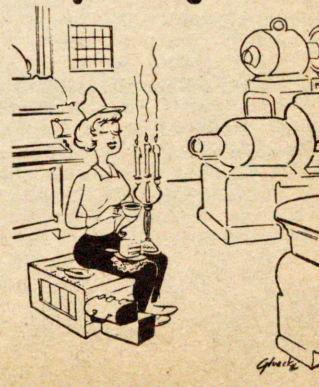

Remember too when selecting your tree that pines hold needles best, firs next, and spruces last.

After picking out your Christmas tree make your holiday season complete by obtaining your poinsettia. Something new and pleasant has happened to poinsettias in the last five years. New long keeping varieties are now available that will retain their bloom in the home from now until Easter. I personally kept one of these new Mikkelsen poinsettias until Easter last year. In fact the plant is so sturdy that many people are blooming last year's plants for this Christmas. Simply go to your florist and ask for a Mikkelsen poinsettia. They come in red, white or pink. Although you will not be able to identify this new long lasting poinsettia, your florist through working with hundreds of plants will be able to point out slight differences in the leaves.

Once home, place the plant where it will receive bright light but not direct sun. Keep away from radiators and other especially hot dry places. If the Mikkelsen poinsettia is placed in a place that does not agree with it, it will respond by shedding a few leaves. The brightly colored bracts will remain attached.

Obtain the maximum holiday pleasure from this new holiday poinsettia by obtaining it early.

TAKE NOTICE: In addition to the foregoing amount, the cost of each tract of parcel of land is 45 cents, and on each city or town lot of block 39 cents at this date. A statutory fee of three cents per tract or lot for compiling the delinquent list for the County Court plus a statutory fee of three cents per tract or lot for compiling the delinquent list for the printer is added. At the time of the sale, an additional statutory fee of 10 cents for each tract and three cents for each lot sold for taxes is added.

All delinquent taxes for the levy year of 1964 draw interest at the rate of one percent per month or fractional part thereof for delinquency, the first installment being delinquent on the first day of August 1965 and the second installment being delinquent on the first day of October 1965.

I, J. Leo Waldvogel, County Treasurer and ex-officio County Collector of Will County in the State of Illinois, give notice that I will apply to the Circuit Court of said County at the December term thereof, to be held at the Court House in the City of Joliet in said County of Will on the first Monday in December A.D. 1965, the same being the 20th, day of said month, the judgement against the said lands, town and city lots and blocks described in the fore-going lists for the general and special taxes, interest and costs severally due thereon, and for judgement fixing the amount of tax paid under protest, and that I will then and there apply for an order to sell all lands, town and city lots and blocks for the satisfaction of said general and special taxes, interest and costs, and I also give notice that on the Monday following, being the fourth Monday of December A. D. 1965 the same being the 27th, day of said month, all lands, town and city lots and blocks, on which an order shall be made will be exposed at public sale at the Court House aforesaid in said County and State for the amount of general and special taxes, interest and costs due thereon.

Said tax sale will commence at the hour of nine o'clock A.M. on said Monday, the 27th day of December A.D. 1965 and will continue from day to day until all lands, town and city lots and blocks upon which the general and special taxes, interest and costs remain due and unpaid at that time are sold.

SHORT AND SWEET

An old fable has it that when God was creating the world he was approached by four questioning angels... The first asked, "How are you doing it?"... The second, "Why?"... The third said, "May I have it when you finish?"... The fourth, "Can I help?"... The first was the scientist's question... The second, the philosopher's... The third, the selfish person's and the fourth, the religious... According to a recent survey, people with higher than average education and IQ showed the greatest food preferences for celery, olives and grapefruit...

If you are 40 years old, you are not as tall as you were at 20... Furthermore, in another 20 years you will shrink another half inch... There is a 50-50 chance that one of your legs is shorter than the other... If you are a brunette you have on the average of about 120,000 hairs on your head... Blondes have about 140,000 and redheads only 90,000... Human hair is strong... If the hair on your head were shorn and woven into a rope it could support 10 tons...

ue from day to day until all lands, town and city lots and blocks upon which the general and special taxes, interest and costs remain due and unpaid at that time are sold.

DELINQUENT REAL ESTATE TAX LIST FOR TOWNSHIP OF FRANKFORT

Following is a list of lands, city and town lots and blocks, situated in the County of Will, State of Illinois, upon which the taxes remain due and unpaid together with the names of the owners, as far as known, and the amount of tax thereon, said taxes are for the levy year 1964 and payable in the year 1965 and all forfeited taxes subsequent to the year 1879.

NOTE: Due to the fact that tax payments have been received by this office after copy was forwarded to the newspaper, names of certain people who have paid their taxes will appear in this list.

Cradle Aux. Will Hold Yule Party

The fifth annual Christmas party of the South Suburban Auxiliary of the Cradle Society will be held Saturday, Dec. 11 at the home of Mr. and Mrs. Norman Lund, 14927 South 82nd, Orland Park.

Members of the social committee planning the event are co-chairmen Mr. and Mrs. Howard Dekker, 16213 Sussex ave., Markham; Mr. and Mrs. Wayne Livingston, 322 Onarga, Park Forest; Mr. and Mrs. Wilton Gates, 250 Hereford drive, Steger; and Mr. and Mrs. Lund.

The auxiliary is one of 10 Chicago area Gradle groups benefiting the Cradle Society, a private, non-sectarian adoption agency in Evanston.

the Joliet Eagles club at 20 W. Washington street on Monday, Dec. 13. The dinner, to be given by the Eagle Auxiliary Youth Guidance committee will start at 11:00 a.m. and will continue until 7:00 p.m. Carry-outs will be available.

Spaghetti fanciers are promised a real taste treat. The sauces will be made from a genuine old country recipe.

Each year the women who make up the Eagles Auxiliary plan an number of fund-raising projects for the benefit of local charities. This year's committee chairman, Mrs. Kay Omega, is also president of the Will County Association for Mentally Retarded Children, who operate Trinity school. Her committee decided to give the proceeds of the spaghetti dinner to Trinity. One of the factors helping them in making this decision was the greater need for funds due to the increased enrollment at Trinity. Sixty pupils are now enrolled. Last year the enrollment was 47.

Battle Against TB Is Still To Be Won

"If you were born 59 years ago with only ONE purpose in life you might be discouraged if you hadn't accomplished this purpose yet," stated Mrs. Hugh Bonar, 1965 Christmas Seal Chairman.

"THE Christmas Seal was 59 years old this week, and we still have a long way to go in our prevention and eradication of tuberculosis. And yet we are working with a disease that could be eliminated

if we had the tools with which to work.

"People forget, or they get busy at this time of year and the time goes by so fast. But we can't forget, nor can we let up in our constant fight against this dread disease for one minute," she continued.

In an effort to encourage residents who have not as yet answered their Christmas Seal letter, this anniversary week has been pin-

pointed to serve as a spark to get the job done -- now!

In a proclamation issued by Gov. Otto Kerner Dec. 7, the seal anniversary, he pointed out that 3468 new tuberculosis cases were discovered in 1964 and that 455 deaths were reported from

this unnecessary disease so there is much work yet to be accomplished.

To date \$20,841.83 has been contributed to the campaign this year and the association hopes to raise 36,006.00 to meet the minimum program needs for the 1966-67 fiscal year.

The theme for the monthly meeting of Cub Scout pack 318 was the achievement parade. This gave all boys an opportunity to show a project used as an achievement for merit badge credit, on which the fathers had helped. Den 2 displayed the storage benches which the fathers had cut out and the boys had assembled at den meetings, and then had varnished or painted.

The following awards were given to the scouts of den 2; Charles Pukiewicz, lion badge and gold arrow; David Barbee, lion badge; Joseph Enk, gold arrow and Joseph Henely, gold arrow.

Since David Barbee and Charles Pukiewicz are now 10 1/2 years old and have earned their lion badges,

they have been transferred to the Webelos den. This last 5 months of cub scouting is under the direction of Ed Pierce, cubmaster. Meetings are held at the Orland Park school, Monday evenings at 7 p.m.

While the Cub Scouts were being inspected for neatness and uniforms, Ed

Pierce, cubmaster, Roy Martin, Cub Scout committee chairman and Bill Withers, neighborhood commissioner, addressed the parents.

"The Animals Thanksgiving", a puppet show, was presented by den 2. Joseph Enk assisted in the design and execution of the stage setting. The characters portrayed were; elephant, Charles Pukiewicz; black panther, Michael Clark; tiger and leopard, David Barbee, rhinoceros, Shawn Christensen lion, Joseph Enk; monkey, Joseph Henely.

For Thanksgiving the boys made Pilgrim candle table decorations.

Christmas baskets for the needy will again be prepared by all the dens. Good, clean used clothing (any size adults or childrens clothing) and useable toys, as well as non-perishable food items will be brought to the Dec. 17 meeting, at which time the baskets will be made up for the needy families of this area.

Holidays Shoplifting As Well As Uplifting Time, Says FBI Head

Uplifting and shoplifting—these two terms may be said to mark the coming holidays.

In fact J. Edgar Hoover, director of the Federal Bureau of Investigation, has considerable to say about it.

"The Christmas season, with all its religious significance and spiritual uplift, is often marred by human greed and weakness," the FBI director says in a message to all law enforcement officials. "And one of the more serious problems is caused by the despicable sneak thief—the shoplifter.

"Each year during the holidays," Director Hoover continues, "the 'helsters and boosters' step up their forays of theft and pilferage which result in tremendous losses to the public. Their methods are as old as the profession itself. They operate with fake boxes and packages, loose coats and oversize clothing, shopping bags, large purses and numerous other devices to cover their activities.

"No merchant, from the corner grocer to the exclusive furrier, is exempt from the shoplifter. This thief comes from any station in life. He may be rich or poor, male or female, young or old, and an amateur or professional. Encouraged and unwittingly abetted by bustling crowds and jammed stores, the shoplifter and two of his lawless allies, the pursesnatcher and pick-pocket, are bold and aggressive."

Last year, the FBI head disclosed, there were some 184,473 shoplifting cases involving goods valued at about \$5-million. The bulk of this loot, the records show, was taken during the rush of Christmas shopping. Between 1959 and 1964 shoplifting increased 93 percent, making it the fastest growing

form of larceny. Purse snatching has stepped up 82 per cent in that period while pocket picking is up 28 per cent, which is considered quite a rise when one considers the dexterity one must develop to "make a score."

"Record-breaking retail sales are predicted for the pre-Christmas shopping days," Director Hoover went on, "and law enforcing agencies will be overtaxed and

enforcement ranks will be thinly spread. The thieves and thugs can be expected to take full advantage of these favorable conditions.

"The scourge of shoplifting and similar violations

is a community problem," he emphasized. "Concerted and realistic action by business and civic groups, news media, police and the general public is needed to halt this costly public burden.

"Let us confront the shoplifter with good security and detection measures, quick

arrests, and prompt and forceful prosecution. To do less is to condone him."

Lightweight Burros Grid Teams Have A Great Year

Midget football had a big year at Mokena, as far as the 100-pounders and the 80-pound Pee-wees were concerned. Both teams were undefeated in Southwest Midget football league play.

The 100-pounders won the league title in that class. There was no official recognition for the Pee-wees this year but next year they will have a division of their own in the league.

own in the league.

This was the Burros first year in the league and the showing of the 100-pounders was a surprise to the older members. The Mokena club was rated as the underdog from the beginning to the end. Beginning with Midlothian and winding up against the Tinley Park Bulldogs, former champs, the Mokena club took them one at a time, and beat them all to cop the championship.

In the Fiesta Bowl game the Mokena team faced a much heavier outfit from Normal but won 21 to 7 on hard-nosed defense.

The Mokena varsity, entered in the 125-pound class, did not fare as well as their lighter colleagues. Lack of experience appeared to be the main difficulty. Mokena improved as the season progressed. In the last game of the season—a contest with Normal, Ill.—Mokena fought them to a tie, despite the fact they were outweighed an average of 20 pounds a player, until late in the final quarter.

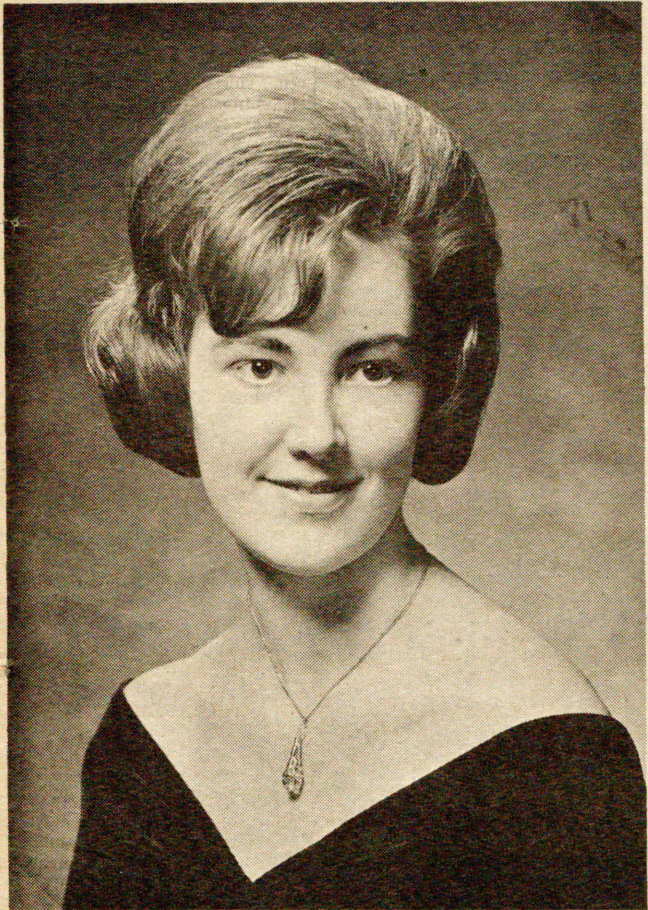

George Krueger, Burros coach, said the Normal coach had agreed not to use his 150-pounders as ball carriers but when the game was

almost over and the score was still tied he apparently forgot or changed his mind and brought up the heavy artillery to win the contest.

The boys in the 125-pound team voted Mike Craven "player of the year," for his determined, unyielding spirit.

Dick Mansell, a former college lineman, has been added to the coaching staff for next year, Krueger said, and will work with the varsity's forward wall.

Krueger noted there are still some 25 uniforms that have not been returned to him. Unless these suits are turned in, he added, the parents will be billed for them in the near future.

CAROL PATZ—Mr. and Mrs. Clinton Mark of Frankfort, wish to announce the engagement and forthcoming marriage of their daughter, Carolyn Patz, to Claude Wolf, son of Mr. and Mrs. Claude A. Wolf of Tinley Park.

The wedding will be held Saturday, Jan. 8 at 7 p.m. at the Frankfort Methodist church. Some invitations have been issued but all friends and relatives are invited to attend the wedding and reception. The reception will be held immediately following the ceremony at the American Legion Hall, Frankfort. (Behnke Photo)

Warns Hunters Not To Trespass On Railroad

Sportsmen in this vicinity are being advised that trespassing or hunting along tracks or property of the Elgin, Joliet and Eastern railway is prohibited under company rules and that EJE police are charged with the responsibility of enforcing this policy, according to Frank W. Matthys, chief special agent for the railway.

"A recent issue of a popular hunting magazine unfortunately advocated using railroad rights of way as

hunting areas," Matthys said. "However, these areas can be extremely dangerous, not only due to frequent movement of trains but because of various types of other equipment now in use along the tracks."

He also pointed out that telegraph, telephone and signal wires could be damaged or completely put out of service by shotgun pellets or rifle bullets, resulting in accidents causing serious injury or loss of life to the general public or railway employees.

Meet On Farm Land Sales-Estate Planning

The Cook County Agricultural Extension Service is conducting a meeting on Estate Planning and Real Estate Transfer, from 10 a.m. to 3 p.m., Friday, Dec. 10, at the American Legion hall, 900 S. LaGrange rd. (rt. 45), La Grange.

Professors Franklin Reiss and N. G. P. Krausz, University of Illinois, will be the speakers.

This meeting is conducted by the University of Illinois Cooperative Extension Service for the benefit of people in Cook County, says W. F. Whiteside, farm adviser. It is an educational meeting and is arranged to help farmers and others work toward suitable solutions to the problems that confront them. Owning a farm close to the metropolitan area requires management decisions that are somewhat different from

rural landowners. One day the farm that is close in will be sold. Additional management decisions are required. Price? Settlement options? Extend time of payments? Lump sum cash? Trade for other real estate?

Sale of land will increase the size of an estate. How can a person best manage this estate and provide for its transfer? A will, of course. How about gifts? Inheritance taxes? Incorporate?

These and many other questions will arise.

This meeting is free and open to the public.

Mokena, Frankfort C. of C.'s Stage Joint Meeting

A joint meeting of the Frankfort and Mokena Chambers of Commerce was held at the American Legion hall at Frankfort on Wednesday evening, Dec. 1. Some 50 members of the two communities were present.

Guest speakers were Barton Juell, district manager of the Northern Illinois Gas Co. and Bill Reid of the industrial development department of the Joliet Regional Chamber of Commerce.

Mr. Juell presented a film, "The Other Side Of The Street" which told about the planning, construction, maintenance and repair of utilities that are installed under city streets.

Mr. Reid spoke of the activities of the Joliet Chamber which also includes the area of Frankfort and Mokena. He discussed the advantages and disadvantages of the area with regard to industrial development. Primary advantages were listed as the general open area available, transportation system (including I-80), reasonable tax rates and the trend of industry to expand into rural areas. Oddly enough the main disadvantage now is the fact that the area seems to have a small labor pool. He pointed out that the unemployment level locally is roughly 2.5%.

Mokena Voters Beat School Bond Issue

Voters of the Mokena grade school district voted down a proposal to purchase approximately 21 acres to serve as a school site for future building programs. It lost by 24 votes.

The board of education had asked approval of a bond issue of some \$53,000 to purchase the land, which made the price \$2,500 an acre.

There were 566 votes cast but 10 of the ballots were spoiled. This left a total of 556 cast on the issue -- 290 marked "no," and 266 marked "yes."

The margin of defeat was narrow but it was defeat and what the board will do now will be announced later, after further review of the situation.

That the board will call another referendum eventually is a foregone conclusion, it was pointed out, because the Mokena district will run out of rooms to house its pupils.

Whether the board will be able to buy the necessary land for future building

as compared to the national average of 4.2%.

A general discussion period followed with many pertinent questions and answers heard.

No mention was made of future joint meetings but many expressed the hope that more will be held.

Pinball Games Are Out, Rules Seymour Simon

Anyone in the saloon business in the unincorporated areas of Cook county has been given warning by Seymour Simon, head of the county board, and as such county liquor control commissioner, to keep his premises clear of pinball machines.

The Cook county board has adopted an ordinance prohibiting all forms of pinball machines.

Most such machines are located in saloons and since the county liquor commissioner decides whether a saloonkeeper is to keep his license if found guilty of lawbreaking, owners of these liquor dispensaries are under the gun, so to speak. Simon has sent warning to all saloon owners that if pinball machines are found on their premises their liquor licenses will be forfeited.

requirements at the price the 21.5 acres adjacent to the Willowcrest school were offered is something for the future, it was stated.

The site proposed was about the center of the district and would have taken care of expansion or new building plans for a dozen or 15 years, it was said.

The New Lenox board paid \$5,000 an acre for the four-plus acres it bought for the new Lanties school there, it was stated, and that was after the land had been condemned.
